II. Module Description

Accounting is the language of business, facilitating communication of the financial aspects of business. This module provides an introduction to financial reporting to enable informed and effective use of financial statement information for decision-making.

This module is for business students and will be taught from the *preparer* perspective.

III. Learning Outcomes

On successful completion of this module, you should be able to:

1. Explain the purpose and use of the principal financial statements required under Singapore FRS (International).
2. Understand and interpret the principal financial statements and its components.
3. Apply the analytical and technical skills developed in this module to prepare accounting records and the principal financial statements.
4. Have a sound knowledge of the process of accounting for significant transactions in specific areas, including PPE, inventory, receivables, cash, equity and current liabilities.
5. Identify, define and intelligently discuss a variety of accounting-related problems and the fundamental principles underlying financial accounting in the context of the tools and techniques covered in this module.

IV. Textbook (Required)

“Financial Accounting: IFRS Edition”, 3e by Stice, Stice, Albrecht, Swain, Duh, and Hsu (Cengage)

V. Teaching and Learning Activities (TLA)

Weekly 2-hours lectures, and weekly 1-hour tutorials.

The **tentative*** plan for lectures and tutorials delivery is:

1. Lectures will be delivered **online**.
2. Tutorials will be **f2f hybrid** (mix of f2f and online delivery).

**Mode of delivery for lectures and tutorials are subject to changes depending on the safe distancing measures in place when semester starts. Details will be announced at a later date.*

VI. Assessment & Evaluation

Your grade will be based on the following activities:

	Weight
Class Participation	20%
Group Project OR Midterm Exam (TBD)	30%
Final examination	50%
TOTAL	100%

1. Class Participation:

Assessed by the quantity and quality of a student's participation during **tutorials**. Students are expected to complete all assigned tutorial questions before class, and to contribute to discussions during class. Note that mere attendance at tutorials is *not* considered participation, and it is possible to get zero mark for participation. Students may also be asked to present solutions individually or as a group, as assigned by the tutors, during the tutorials. The tutor will assess the quality of the presentation.

2. Group Project **OR** Midterm Exam (TBD):

There will either be a (i) Group project or (ii) Midterm Exam, depending on the safe distancing measures in place when semester starts. Details to be announced at a later date.

(i) Group Project: Each project group will comprise of four to five members from the same tutorial group and submit a written group project report for grading. Details on the group project will be posted on Luminus.

OR

(ii) Midterm Exam: **1.5-hour closed book exam**. Materials covered in all lectures, self-study and tutorial assignments, and assigned readings before the recess week are examinable. The midterm exam will be held right after recess week, the actual date will be announced at the beginning of the semester.

3. Final Exam

2-hour closed book exam. Materials covered in all lectures, self-study and tutorial assignments and assigned readings for the whole semester are examinable.
