### Class Participation

Students are expected to have done pre-class readings and be actively involved in class discussions. Extra credit will be granted to those who can contribute towards class discussions and the discussion forum.

### Case Assignment

Each class will be divided into (up to) 9 groups for case assignments. We will cover 3 cases during the semester. Out of the 9 groups, there will be 3 primary groups for each case. Groups 1A, 1B & 1C will take on the primary responsibility for case 1; groups 2A, 2B & 2C for case 2 and groups 3A, 3B & 3C for case 3. The 3 primary groups for the case will each submit a comprehensive report **NOT exceeding overall total of 10 pages** including texts, tables and appendices by the due date. The report must be typewritten on A4 size paper with double-spacing and font size 11. It is due by **12nn on Monday** of the week before the case presentation. The report will be made available to the class.

The 6 non- primary groups are each required to submit a short critique of one of the reports. The critique is limited to **one page** (A4 sized, font 11, double spacing) and must be submitted by **12nn on Friday** of the week before the case presentation. During the case presentation, the 3 groups with primary responsibility will be given 25 minutes each to present their analysis. All students are expected to actively participate in the case discussions. The assignment of the non-primary groups is as follows:

Case Number	Presenting (Primary) Group	Critique (Non-Primary) Group
1	1A	2A, 3A
1	1B	2B, 3B
1	1C	2C, 3C
2	2A	1A, 3A
2	2B	1B, 3B
2	2C	1C, 3C
3	3A	1A, 2A
3	3B	1B, 2B
3	3C	1C, 3C

Case assignment and guidelines will be made available two weeks before the due date.

### **Tutorial and Discussion**

All students are expected to contribute to the tutorial assignments. Each tutorial consists of a number of questions and/or mini-cases related to topics that are covered in class. These questions may require downloading and analysis of financial data. The group membership is the same as that for case study. The assignments will be discussed in class as indicated in the schedule.

### **Submission Policy**

Tutorials, case reports and critiques are done on a group-basis. They must reach the instructor by the due date and time. Late submissions will be penalized.

### **Academic Honesty and Plagiarism**

Academic integrity and honesty is essential for the pursuit and acquisition of knowledge. The University and School expect every student to uphold academic integrity & honesty at all times. Academic dishonesty is any misrepresentation with the intent to deceive, or failure to acknowledge the source, or falsification of information, or inaccuracy of statements, or cheating at examinations/tests, or inappropriate use of resources.

Plagiarism is 'the practice of taking someone else's work or ideas and passing them off as one's own' (The New Oxford Dictionary of English). The University and School will not condone plagiarism. Students should adopt this rule - You have the obligation to make clear to the assessor which is your own work, and which is the work of others. Otherwise, your assessor is entitled to assume that everything being presented for assessment is being presented as entirely your own work. This is a minimum standard. **In case of any doubts, you should consult your instructor.**
