Module Title : Crisis Management
Class Date : Friday 3 pm @ BIZ1 0302
Faculty : Melissa Lim
Department : Management & Organisation
Email : bizlsfm@nus.edu.sg
Office / Tel : BIZ2 03-49 Office: 5616 6886

Overview

Crisis management training and planning can protect organizations against complete failure if/when a catastrophic disruption happens. This module is intended to prepare and guide aspiring leaders to manage through a crisis, whether it is a pandemic like COVID-19, an accident in an organization's production facilities, or a personal one.

The module distinguishes between predictable crises, as well as sudden unexpected ones, caused either by internal and external issues. It introduces best practice approaches to formulate crisis management responses. Hence, students can expect to learn a wide range of topics, from the basics of what crisis management is and why it is important, to the different roles and responsibilities of various stakeholders within the organization, the key elements of crisis management which includes crisis management planning and preparedness, emergency response and recovery, as well as crisis management communication.

To expose students to the real-world practices in crisis management, students will learn from invited guest speakers in media, leadership and HR who will share their perspectives and lived experiences with crisis management. Ample opportunities are also built into the module; for example, through online simulations and skill practices, for students to experience the time pressure and exacting demands of managing crisis through agile problem solving, robust teamwork and timely yet sensitive communication.

Module Objectives

1. Distinguish between types of crisis and corresponding management approaches
2. Understand definitions, differences and links to Change and Disaster Management, as well as Business Continuity Planning
3. Acquire an overview of Crisis Management Process, Crisis Team Roles and Responsibilities
4. Learn how to do Crisis Management Planning, Emergency Responses and Recovery
5. Gain insights on Media, Leadership, HR perspectives of Crisis Management
6. Build personal competencies to manage a crisis through problem solving, teamwork and communication

Reading Material

A wide range of material are suggested in LumiNUS.

Assessment

Assessment Components	Weightage
Individual Test	20%
Learning Journal	25%
Group Project	25%
Group Peer Teaching	15%
Class Participation (Forum etc)	15%
Total	100%

Individual Test (20%)

This is a written test based on a case study to assess your understanding and application of crisis management topics covered in weeks 1 to 6.

Learning Journal (25%)

This is a graded individual assignment comprising 3 parts:

Part 1 – Recognising and Managing Personal Crisis (due in week 4, max 500 words)

Part 2 – Reflections and Learning from Simulation Activity (due in week 7, max 500 words)

Part 3 – Reflections and Learning on Leadership and HR in Crisis Management (from readings, lessons and guest speakers - due in week 12, max 800 words)

Submission Format for Parts 1 to 3:

1. Comply with word count limit which excludes name, title, bibliography
2. Ensure double spacing between lines, font size 12.
3. Ensure that your NAME is clearly written on the cover page for my admin purposes. Submissions without names will be disregarded.
4. Printed submission is preferred during class time.
5. Should circumstances which require online submission, you will be asked to upload your document to specified LumiNUS folder through Turnitin. Please ensure that your document is saved as 'Your Name, Part X'. Penalties may be expected for non-compliance.

The grading rubrics for Learning Journal are as follows:

1. Authentic and personal reflections, as opposed to distant and factual
2. Addresses the requirement of the assigned task
3. Acknowledgement of gaps in knowledge, skills or experience
4. Articulation of learning points
5. Application to personal development

Group Project (25%)

Every group will be assigned a different case study to research and analyse the management of an organisation's crisis in order to draw insights from its success or failure in handling the crisis.

Your team will then facilitate a presentation of not more than 20 mins on your case, including activities and discussions. An additional 10 mins will be given for Q&A. Other teams are expected to provide comments and formal feedback to the presenting team on LumiNUS.

In summary, the gradable components of this assignment are:

1. Analysis of crisis case
2. Reference to relevant crisis management theories
3. Insights and recommendations
4. Your team's learning highlights
5. Submission of your team's Powerpoint Presentation of not more than 20 slides in the specified LumiNUS folder via Turnitin, 24 hours before your Presentation in class.
6. Quality of your Team's Presentation
7. **5% will be given to the quality of your team's participation and feedback to presenting teams.**

Group Peer Teaching (15%)

Each group will be given a peer teaching assignment for Week 3 on a selected topic. The learning objective is to increase your personal knowledge of crisis management. The second is to develop your communication and facilitation skills. Hence, your group is encouraged to be innovative and creative in your peer teaching assignment

The output expected is a Presentation of not more than 20 mins, which should include 10 minutes of class engagement activities. Your group is expected to cite examples to illustrate your teaching points and include your team's learning insights from this process. There will be an additional 10 mins set aside for Q&A.

During peer teaching Week 3, every group is also expected to give at feedback to the presenting group in the LumiNUS Forum and take the discussion on the topic further during the course of the week.

In summary, the gradable components of this assignment are:

1. Scope and quality of content covered
2. Facilitation of new learning and insights
3. Engagement of audience
4. Your team's learning highlights
5. Submission of your team's Powerpoint Presentation of not more than 15 slides in the specified LumiNUS folder via Turnitin, 24 hours before your Presentation in class.
6. ***5% will be given to the quality of your team's feedback and contributions to Week 3 Forum.***

Class Participation (15%)

Class participation is an individual graded component awarded for

1. Your attitude, quality and consistency of your contributions in weekly classes, as well as attendance and punctuality for classes and submissions.
2. Your inputs for forum discussions and feedback to your peers' presentations etc. You should contribute to at least 50% of the forums to pass the Class Participation component.
3. Teamwork. Depending on the feedback given by your group members on the quality of your contribution to the group peer teaching and project, ***you may receive up to 5 points more or less for your class participation marks (subject to a max mark of 15%).***
