SCHEDULE FOR ADVANCED PLACEMENT TEST

All APTs will be conducted f2f. Therefore, please note the following.

1. Email(s) will be sent to students about the APT(s) for which they are eligible. However,

    a. They will ONLY be allowed to sit for the test IF they have matriculated and NUS Student ID accorded to them. As such, the onus is on these students to complete their NUS student registration on time. No reminders will be sent.

    b. The tests will only be eligible to students who already have received their Student ID and NUSNET ID by 24 June 2024 (and no later). This is regardless of the email sent on their eligibility earlier.

    c. For taking the APT(s), students are required to download EXAMPLIFY onto their personal laptops in advance. Failing which will deem them absent from the test. There will be **strictly** no make-up for missed tests.

    d. Further information and/or requirements will be communicated to students via their NUS Email ID.

    e. All APTs will be conducted in person on EXAMPLIFY/EXAMSOFT platform. Students are required to bring their own laptops and laptop chargers. There will not be any laptops provided.

2. Students will be informed of any exemptions they have obtained as soon as possible. If the exempted course has been allocated to them, it will be dropped for them thus freeing up the units (UTs) for some other course(s). Please note that students are to self-register the other course(s) that they wish to read in place of the exempted course(s) during course registration exercise.
