### Overview

Welcome to Principles of Marketing! We are thrilled to have you join this exciting course where we dive into the dynamic world of marketing.

Throughout this journey, we will explore the fundamental concepts of marketing and its role in shaping consumer behaviour, business strategies, and overall organizational success. From understanding market segmentation and targeting to crafting effective marketing messages and strategies, we'll cover a comprehensive range of topics to equip you with the knowledge and skills needed to navigate the ever-changing marketing landscape.

Our course will be interactive and engaging, with a combination of lectures, tutorials, and group discussions on real-world examples. You'll have the opportunity to analyze marketing campaigns, apply strategic frameworks, and develop creative solutions to marketing challenges. This hands-on approach will enable you to grasp the practical aspects of marketing while fostering critical thinking and problem-solving abilities.

We are excited to embark on this learning adventure with you, so let's dive in and unlock the fascinating world of marketing together!

### Course Objectives

This course aims to:

1. Develop a foundational understanding of marketing principles: Familiarize students with the fundamental concepts and frameworks that form the basis of effective marketing strategies.
2. Explore real-world applications of marketing: Expose students to practical examples and the opportunities to analyze and solve marketing challenges faced by real companies, thereby developing their ability to think critically and apply marketing strategies in practical scenarios.
3. Cultivate teamwork and entrepreneurial spirit: Encourage students to work in teams to tackle marketing problems, fostering collaboration as well as leveraging diverse skills and strengths to collectively devise marketing solutions for businesses.

### General Guide & Reading

Class Participation	15%
Individual Video Assignment	30%
Group Project	30%
Individual Presentation for Group Project	15%

**Academic Honesty & Plagiarism**

Academic integrity and honesty is essential for the pursuit and acquisition of knowledge. The University and School expect every student to uphold academic integrity & honesty at all times. Academic dishonesty is any misrepresentation with the intent to deceive, or failure to acknowledge the source, or falsification of information, or inaccuracy of statements, or cheating at examinations/tests, or inappropriate use of resources.

Plagiarism is “the practice of taking someone else’s work or ideas and passing them off as one’s own” (The New Oxford Dictionary of English). The University and School will not condone plagiarism. Students should adopt this rule - You have the obligation to make clear to the assessor which is your own work, and which is the work of others. Otherwise, your assessor is entitled to assume that everything being presented for assessment is being presented as entirely your own work. This is a minimum standard. In case of any doubt, you should consult your instructor.
